STATEMENT OF PURPOSE: This resolution authorizes the application and acceptance by the proper city officials of a grant from MnDNR for parks and trails legacy grant monies for the purpose of developing, designing, and implementing a plan to address additional needs at Brighton Beach (Kitchi Gammi Park) resulting from the Lakewalk east extension which will start/end at Brighton Beach. As the location for a new trail head, the park will see an increase in use, thus requiring upgrades and additional amenities. The improvements may include, but are not limited to, upgrading the road and connections to other trails, adding additional parking, adding a picnic shelter that includes restrooms and trail head amenities, and a playground. During the process of completing the application, the city will seek public input and contact appropriate user groups and organizations located adjacent to the park. This will be a multi-phased project to be implemented as funding becomes available. These grant funds will be used for phase 1 of the project. By accepting this grant the city is committing the property to public use and understands that state approval is required before any portion of parks system developed using grant monies are converted in whole or in part to any use other than that authorized in the grant agreement.
